

Neighborhood Watch Information

Updates from Canon City Police Department:

- Sexually Violent Predator recently released into Canon City: This is just an FYI. If you would like more information there is an information sheet at the CCPD or on their website.
- Asking for people to watch around all of the empty trains. If you see kids or people around them who don't belong report to the police.
- Big issue around town with people leaving their car doors unlocked. CCPD is asking everyone to lock their car doors all the time.
- Door to Door salespeople must have a permit from the city. CC ordinance says if you have "no solicitor" sign on your house or property and a solicitor comes on anyway - they can be prosecuted. The letters of the sign need to be at least 3 inches high.
- Later in the year there may be census takers around town. They will have an ID issued by the US Government. However, if you mail in your census information, no one will come to your house.

Needs in the neighborhood:

- One more block captain - from 179 - 299 Savage Loop
- A couple people to organize **NATIONAL NIGHT OUT** - the first Tuesday in August.

The community Neighborhood Watch steering committee tries to attend all of the block parties that evening. Some money is also given to us to help purchase something for the party. We can't close off our whole subdivision, but we could hold it in of the cul-de-sacs so we are out of the way of traffic.

Thank You:

- All of the Block Captains who are so willing to make calls. I have some updated information to give you so you will be clear about who you should notify when a call comes around.
- Jim Rife - who worked with me to organize balance the load for our block captains. Jim also put the Neighborhood Watch information on the website.
